

# Merrygold Health Network

## Introduction

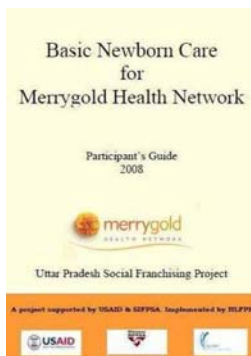

*Training and capacity building is crucial to Merrygold Health Network, the social franchising model for health care. The training team is a blend of rich experience of Dr. Vasanthi Krishnan, Dr. P.C. Das, Dr. Brinda Frey and youthful enthusiasm of Dr. Vibha Bansal, Mr. Nadeem Akhtar Khan, Ms. Shobhana Tewari and Ms. Jyoti Bajpai. The team undertakes customized training programs of Medical as well as paramedical staff on issues related to maternal and child health covering topics ranging from essential and emergency obstetric care, Infection prevention and waste management, Standard operating protocols for nurses, Family planning for the three levels of franchisees identified under the network. The training team has 6 master trainers trained by NIHF on 'No Touch Technique of IUCD insertion' on which the service providers are being trained on the ZOE model. All trainings are practical and hands on with demonstrations and practice sessions*

## Clinical Obstetrics Protocols for MGH

It is a set of Obstetrics Protocols. It has been designed under the guidance and expertise of Prof. Alokendu Chatterjee (Vice President, National Board of Examination, Past President FOGSI), Dr. Joydev Mukherjee (Prof., Department of Gynecology and Obstetrics, R.G. Kar Medical College, Kolkata) and Dr. Partho Mukherjee (Associate Professor, IPGME & R & SSKM Hospital, Kolkata).
